

SS-OC-50 EURO Oxygen Concentrator

1 - 5 LPM

This SSMED Oxygen Concentrator is a type of medical device which comes with advanced features used for delivering oxygen to individuals with breathing-related disorders. Individuals whose oxygen concentration in their blood is lower than normal often require an oxygen concentrator to replace that oxygen. It could be applied widely in the hospitals at all different levels like clinics, health centers and family nursing etc.

Medical Grade

SS-OC-50 EURO

Oxygen Concentrator (Single Flow)

Features

- PSA Technology
- Device Concentrates Oxygen from Ambient Air
- Adjustable Flow Meter
- All filters Replaceable, Coarse Filters Washable
- Continuous Monitoring with audio visual alarms
- Mounted on heavy duty swivelling castors
- **Real Time Oxygen monitoring facility on screen**
- **Built-in Nebulizing interface**

Specifications

- Flow Rate : 0~5LPM
- Purity : **95 % (+/- 3 %)**
- Outlet Pressure : 0.04~0.07MPA (6~10 PSI)
- Sound Level : 40db
- Power Requirements : 220V AC, 50Hz; 350 W consumption
- LCD Display : Switch times, operating pressure, present working time, accumulated working time, presetting time from 10 min. to 40 hrs
- Alarm : Power failure alarm, High & Low pressure alarm, Maintenance alarm
- Humidifier : 1 No.
- Net Weight : 16 Kgs
